KIRSTEN THIEN/Delicious: Anybody that calls Thien 'Bonnie Raitt lite' needs to go back and listen to "Give It Up" again and dust off some old memories. With a crew that includes Hubert Sumlin, Tommy Mandel, Steve Holley and Andy Snitzer among others, this is the latest in a series of wild women who will not have the blues strutting her stuff and showing she means business. An army brat that has no compunction about mixing Memphis with 'northern Baptist' soul and super smart pop songwriting, this fire cracker is the package. Man up, put the emo aside and enjoy the ride into adulthood. Hot stuff.
